

Sub-Metering for Commercial Accounts

- Sub-meters must be installed in the ground outside. No inside installations.
- For properties with multiple accounts, please provide the account number for the meter to be sub-metered, along with a check for plan check and inspections in the amount of \$150.00 to :

**El Dorado Irrigation District
Attn: Development Services
2890 Mosquito Road
Placerville, CA 95667**

- A plan check/inspection request form and the provided drawing will be forwarded to the Meter Services Supervisor who will contact the owner to meet onsite to review the installation.
- Once approved, the owner will be contacted and provided with a Sub-Meter Service Application. The owner will submit the initialed and signed application along with a \$500.00 materials deposit per ¾” **meter*** for the cost of the meter hardware.
- The owner will pick up the sub-meter(s) from the EID Warehouse on Mosquito Road and install at the approved location on the private service line. When completed the owner will contact EID for inspection.
- Once the inspection is approved and completed, the sub-meter will be added to the customer’s utility bill and sub-meter billing will be effective as of the date of the final inspection. Water and/or wastewater base charges along with any consumption charges will be incurred for each new sub-meter installed.
- For new construction, the owner will indicate on the application if the sub-meter(s) are to be locked or unlocked at final inspection. A \$85.00 trip charge will be posted to the master account for each request to lock or unlock sub-meter(s). While locked, the base sewer charge will not be incurred on the sub-meter account(s) if applicable. The base water charge will apply to the sub-meter account(s) whether the sub-meter is locked or unlocked.
- Please contact Development Services at 530-622-4513 if you have any further questions.

***Deposit will vary depending on size of sub-meter.**
