Being the owner(s) of lands, which lie outside the District boundaries of the El Dorado Irrigation District, and desiring water/wastewater or recycled service to the lands, we hereby request consideration of annexation of these lands to the District.

I also agree to indemnify and to release and hold District, its Board members, officers, employees, and agents (collectively, "District Parties"), harmless from, and to defend District Parties against, any and all causes of action, claims, actions, proceedings, or lawsuits brought against either me or District Parties by anyone, including third parties, that arises in any way out of this application or the processing and approval or denial of annexation of the lands that are the subject to this application. My agreement to indemnify, release, hold harmless and defend is intended to be as broad as the law permits. Although it does not extend to intentional or willful misconduct by District Parties, it does include, but is not limited to, all damages (including consequential damages), losses, costs, expenses, attorney's fees, and expert witness' fees that may be asserted by any party. I expressly waive any rights I may have under California Civil Code section 1542, which provides that "[a] general release does not extend to claims which the creditor does not know or suspect exist in his favor at the time of executing the release, which if known by him must have materially affected his settlement with the debtor."

I understand that I will be charged for all costs associated with this annexation proposal. _____
