

## **AR 6021    Industrial Pretreatment Program**

Approved:     December 12, 2006

Revised:     February 25, 2009

Revised:     October 7, 2016

---

In accordance with BP 6010, the District has established and maintains an Industrial Pretreatment Program that complies with applicable state and federal wastewater discharge requirements and regulations.

A copy of the Industrial Pretreatment and Pollution Prevention Program is available upon request from the Environmental Division.
