APPLICATION FOR A WASTEWATER DISCHARGE PERMIT

APPLICATION PACKAGE CHECKLIST

Does your facility discharge to EID's sanitary sewer system?

- My business is not connected to EID sanitary sewer. All waste is treated by a private sewage disposal (septic) system. You are exempt from discharge permitting. Please sign this form and return to EID.
- My business is connected to EID's sanitary sewer. You may or may not be exempt from discharge permitting. Please continue completing, signing, and return this form along with the Permit Application for review.

TYPE OF DISCHARGER (Please check appropriate box)

Your facility is typically a Significant Industrial User (SIU) if both items below are checked:

- Discharge from your facility is 25,000 gallons/day or greater.
- Your facility generates waste that contains priority pollutants. Example include but are not limited to: acids, solvents, stripping solutions, film processing solutions, photo/x-ray wastes, paints, metals and pesticides.

Your facility is typically a Non -Significant Industrial User if any items below are checked:

- Your facility generates waste containing priority pollutants (same as above), which have the potential for discharge to the sewer.
- Your facility discharges industrial wastes, which does not include priority pollutants, to the sewer.
- You store, utilize, or generate chemicals, hazardous waste, or other products with the ability to harm the WWTP or collection system which may have potential to accidentally discharge to the sewer as a byproduct of conducting your business. Examples include, but are not limited to, petroleum oils, lubricants, solvents, paints, and greases.

SUBMITTED (Please check appropriate box)

PERMIT APPLICATION

Unless specifically instructed the following drawings and information are required only for **newly constructed facilities** (See Appendix A of the application for information and guidelines):

Non-Significant Industrial User – General= \$ 38.40 per bi-monthly water/sewer bill

Significant Industrial User = \$ 394.11 per bi-monthly water/sewer bill

Name of Business (Print)

Applicant Signature

Date

Applicant Name (Print)

Note: This checklist must be submitted with the Wastewater Discharge Permit Application. Failure to submit a complete application may result in your application being returned for correction of deficiencies, which could result in administrative fines, civil liability and/or termination of water service.

Upon issuance of a Wastewater Discharge Permit the District will assess a bimonthly fee on the customer of record's water/sewer bill in accordance with the District's Fee Schedule (AR 11010- Attachment A). Fees are subject to change.
