FOOTNOTES:			
[1] Single Family Dual Plumbed Residential services pay both a potable and a recycled base charge.			
[2] Refer to agricultural irrigation (without residence) and raw metered			
[3] Effective 6/1/2015, the Residential flat rate District average consumption was recalculated.			
[4] Tier 1 rate is 50% of potable water tier 1 rate, tier 2 rate is 70% of potable water tier 2 rate, and tier 3 rate is 90% of potable water tier 3 rate			
LEGEND:			
1 cubic foot = 7.48 gallons			
1 miners inch = 11.22 gallons per minute (gpm)			
1 miners inch day = 16,156.80 gallons or 2,160 cubic feet			
Services outside of the District are billed at 1.5 times the adopted rate			
T = Turbine Meter			
All services are billed bi-monthly except as noted
