EL DORADO IRRIGATION DISTRICT
Class Specification

CLASS TITLE: Construction Inspection Supervisor

DEFINITION

Under general direction, the Construction Inspection Supervisor plans, organizes, directs and supervises inspection activities and operations within the Engineering Department; oversees construction inspection projects, and performs a variety of technical tasks relative to assigned area of responsibility.

DISTINGUISHING CHARACTERISTICS

The Supervisor level recognizes positions that perform full supervisory responsibilities for a section, as identified by the District, including planning, assigning and evaluating the work of subordinates and are responsible for a program area within a work unit or department.

SUPERVISION RECEIVED AND EXERCISED

Receives general direction from the Engineering Manager. Exercises direct supervision over assigned technical personnel.

EXAMPLES OF ESSENTIAL DUTIES: the duties specified below are representative of the range of duties assigned to this class are not intended to be an inclusive list.

Develops and implements goals and objectives related to assigned section; establishes schedules and methods for inspecting construction projects; implements policies and procedures.

Plans, prioritizes, assigns, supervises and reviews the work of staff involved in construction inspection activities.

Evaluates operations and activities of assigned section; recommends improvements and modifications; prepares various reports on operations and activities.

Assists Division Manager and/or Department Director in developing and administering section budget; prepares cost estimates for budget recommendations; submits justifications for equipment, materials and supplies; monitors and controls expenditures.

Recommends to Division Manager and/or Department Director the selection of staff, provides or coordinates staff training; works with employees to correct deficiencies; implements discipline procedures.

Reviews and analyzes construction project plans, specifications and documents, including inconsistencies and discrepancies in plans.

Authorizes and/or disapproves the release of permits including construction, tenant improvement and occupancy.
CLASS TITLE: Construction Inspection Supervisor

Oversees, inspects, and tests construction projects, including the most complex inspections, for compliance with specifications, plans and District standards.

Establishes and maintains drawings, standard operating and maintenance procedures, records, construction inspection project correspondence files, and statements of work.

Reviews submittals, requests for information and contract change orders for compliance on behalf of the District.

Responds to and resolves emergency situations related to construction inspection activities.

Answers questions and provides information to the public; investigates complaints and recommends corrective action as necessary to resolve complaints.

Builds and maintains positive working relationships with co-workers, other District employees and the public using principles of good customer service.

Performs related duties as assigned.
