EL DORADO IRRIGATION DISTRICT
Class Specification

CLASS TITLE: Collection System Supervisor

DEFINITION

Under general direction plans, organizes, directs and supervises the operations and maintenance of the District's wastewater collection system within the Operations Department; and performs a variety of technical tasks relative to assigned area of responsibility.

DISTINGUISHING CHARACTERISTICS

The Supervisor level recognizes positions that perform full, first-line supervisory responsibilities including planning, assigning and evaluating the work of subordinates and are responsible for a program area within a work unit or department.

SUPERVISION RECEIVED AND EXERCISED

Receives general direction from the Wastewater/Recycled Water Manager. Exercises direct supervision over assigned technical and maintenance personnel.

EXAMPLES OF ESSENTIAL DUTIES: the duties specified below are representative of the range of duties assigned to this class are not intended to be an inclusive list.

Recommends and assists in the implementation of goals and objectives; establishes schedules and methods for the operation and maintenance of the District's wastewater collection systems; implements policies and procedures; ensures compliance with regulatory and safety requirements.

Plans, prioritizes, assigns, supervises and reviews the work of staff involved in the operation and maintenance of the District's wastewater collection systems including the construction, repair, and inspection of pipelines and related collection facilities and the operation and maintenance of lift stations.

Evaluates operations and activities of assigned responsibilities; recommends improvements and modifications; prepares various reports on operations and activities.

Participates in budget preparation and administration; prepares cost estimates for budget recommendations; submits justifications for equipment, materials and supplies; monitors and controls expenditures.

Participates in the selection of staff; provides or coordinates staff training; works with employees to correct deficiencies; implements discipline procedures.

Completes and submits spill reports required by the State of California; responds to emergency situations and takes appropriate action ensuring regulatory authorities are notified.

Receives and responds to customer complaints, concerns, and inquiries; develops cost estimates per customer request.
CLASS TITLE: Collection System Supervisor

Coordinates with District departments and divisions on the installation and modification of the collection system, lift stations and related facilities.

Participates in the development of technical operational reports and documentation.

Supervises lift station installation and upgrades; assists with design, repair and modifications.

Coordinates work activities with outside local and State agencies.

Answers questions and provides information to the public; investigates complaints and recommends corrective action as necessary to resolve complaints.

Builds and maintains positive working relationships with co-workers, other District employees and the public using principles of good customer service.

Performs related duties as assigned.
